

# Monthly Projects Update – October 2021

## Bay Road

- The main stormwater pipe in Stage 3 from Coast Rd to Hughes Ave has been installed and a team has now been allocated to install the section from Coast Rd towards the sea. Extra resources on the ground have helped with this progress.
- Focus is to complete the entire Stage 3 section, including the smaller branches of stormwater and kerbing. This will allow the road construction contractor enough work to mobilise to site and begin the road construction.
- Stormwater works in stage 1, being the crossing of Bay Rd and Caroline St were completed over the weekend of the 18<sup>th</sup> – 19<sup>th</sup> September. The remaining Stage 1 section on Milne St and Bay Rd is to be undertaken shortly after the school holidays.
- Trees at the Hughes Ave/Bay Rd intersection and Milne St and Bay Rd intersection have been cleared in preparation for underground stormwater works and road realignment.
- Traffic management and project update notices have been provided to residents along Bay Road and all associated side roads via mail, VMS boards, Council social media platforms and Yorke Peninsula Country Times to the community

## Monthly Projects Update – October 2021

### East Terrace, Moonta

- The portion of road between Narungga Tce to Moonta Rd, as well as the East Tce and North Tce Intersection, has been sealed with a two coat spray seal. After a few weeks, all loose aggregates will be swept, with line marking completing this project.
- Re-sheeting has been completed between Moonta Rd and North Tce. The Infrastructure Maintenance Team plans to seal this portion as a trial under our Civil Officer Projects Guidance; preliminary testing was conducted in a remote area.

### Lipson Avenue/Paulson Road – Wallaroo Mines

- All stormwater pipes have been installed.
- The retention basin construction is completed, and the project is officially finished.

### Cemetery Walls, Moonta

- The weather has been good as has the progress with works on the lower section of north western wall taking great shape.
- Once works are completed on this side, the focus will be on the southern wall. This will work in well the coming warmer weather and the trees that are on this side of cemetery providing a shady working environment.

## Monthly Projects Update – October 2021

### Heritage Drive - Wallaroo

- Footpath works along Heritage Drive are scheduled to commence mid-October, extents of footpath is from Liberator Way and Heritage Drive intersection to the Copper Coast Sea Rescue driveway.
- Preliminary works required prior to footpath installation is the repair or replacement of fractured, cracked and chipped sections of kerb within this extent.

### North Beach Foreshore Toilet

- Construction is going well, the completed timber framework has been externally clad with blue board and the roof has been installed.
- External painting to the exposed fascias and beams has been undertaken as has the first fix plumbing.
- First fix electrical is required before the internal walls can be lined.

## Monthly Projects Update – October 2021

### **John Terrace – Wallaroo**

- The linking footpath adjacent John Terrace is in and looks fantastic.
- BBQ shelter structure has been erected, painted and roofed. The concrete floor has been poured and the finishing touches can now be added, such as the BBQ, power and screening installation.
- Retaining walls and garden beds will be the next focus point in the coming weeks.
- Irrigation works are currently being reconfigured and once this has been done trees will be planted to replace the removed ones.
- Finally the lawn will be reseeded where required to complete this project.
