

Moonta cyclist Grant Keleher and Copper Coast Council CEO Russell Peate will welcome the addition of two community events in this year's Copper Coast Cycling Cup.

CEO's Update... EXCITING TIMES

It is an exciting time to see so many projects throughout the Copper Coast progressing, nearing completion or completed. One of the most important is the Wallaroo to Moonta Cycling/Walking Trail.

We have worked with the National Trust of

South Australia and Heritage SA regarding the track travelling through the Moonta Mines Nationally Heritage Listed Precinct. The National Trust considered that there was a significant and important historical mining link in largely following the rail trail from the

Moonta Mines to Wallaroo. With funding from the State Open Space Program, State Bike SA Program and Council, the estimated cost is expected to be \$1.5M for the 14.9km track.

■ *Continued page 2*

CEO's Update...

■ From page 1

The major upgrade of Bay Road from Moonta to Moonta Bay is continuing and also nearing completion. This is a major project not only involving Bay Road, but also the new Cycling/Walking Trail and includes the undergrounding of electricity. Whilst residents living on and around Bay Road have been inconvenienced, it will be a much better road and facility when completed. Last year, Moonta was named as the Top Tourist Town by the Tourism Industry Council South Australia. It is important for the major Road leading from Moonta to Moonta Bay to have this major upgrade.

The stormwater drainage works in George Street, Moonta between Ellen and Henry Streets are continuing. Unfortunately, the excavator used by the Contractor is larger and this has meant that sections of George Street have had to be closed whilst this work is being undertaken. We have tried to undertake the work at a time that has the least inconvenience for traders.

The work on Agery Road also continues to be progressed; but has been delayed as a result of SA Water requirements. This was not planned. The works will be completed as soon as they can.

We continue to undertake the survey and design for the kerb, stormwater and streetscape for the Wallaroo Entrance Road (Copper Coast Highway) from Athena Drive to Irwine Street, Wallaroo. We continue to have

meetings with the Department for Infrastructure and Transport in coordinating the works undertaken. Subject to the completion of the survey and design, calling of tenders, awarding of the tender, completion of the contract; the works are expected to commence in February/March 2023.

The Wallaroo Community Development Association are to be congratulated on hosting the Lexus Melbourne Cup in Wallaroo. Wallaroo was the only town outside of Adelaide that the Melbourne Cup travelled to. Congratulations also to the organisers of the Copper Coast Cycling Cup, Copper Coast Show 'n' Shine and 500 Sprints.

We continue to progress a commercial outcome through mediation in relation to the previous Wallaroo Swimming Enclosure. We have lodged an application for funding for a new aquatic facility under the Federal Governments Building Better Regions Fund Round 6. We are awaiting the outcome. Each year we call for applications under our Community Grants Program. We received 47 applications and approved 42. We continue to work with the Kadina Child Care Centre regarding a new Child Care Centre on Doswell Terrace, Kadina near the Dog Park. We continue to work with Moonta Health and Aged Care Service (Parkview Aged Care) regarding the six tiny houses proposal for staff accommodation.

We continue to work with the Copper Coast Lifestyle Village in relation to their proposed extension on Crown Land under the Care and Control of Council. We are undertaking consultation on this proposal, will consider the submissions received and Council will make a recommendation to the State Minister as to whether part of the Crown Land should be used for this extension.

We have worked with the Moonta Progress Association and Moonta Lions Club who have

developed a Masterplan for Polgreen Park at Moonta. We appreciate the work they undertake and continue to work with them for grant funding opportunities to progress this Masterplan. We are also progressing a project to possibly drought proof the Moonta Golf, Cricket, Football Clubs and Moonta Cemetery. A study ascertaining the available treated wastewater from the Moonta Community Wastewater Management System after the agreed allocation to the Dunes Golf Course, possibly supplemented by rain water tanks is being undertaken. We are also progressing a detailed Masterplan for the Moonta Town Hall, so that this important facility is better used as a vibrant community hub. In addition, a study is being undertaken for a Masterplan for the upgrade of McCauley Park to make this an even better place for local residents and tourists.

I would like to congratulate Wallaroo on being named South Australia's Small Tourist Town and People's Choice Award. Whilst we did not win the National Award it highlights that Wallaroo is a major tourist destination.

I would like to also congratulate the Mayor, Roslyn Talbot, the seven existing Councillors that have all been reelected unopposed and Andrew Male who has also been elected unopposed for the Council. We had eight nominations for the nine Councillor vacancies for the elections conducted by the Electoral Commission of South Australia. I look forward to working with the new Council.

Finally, it has been a busy but rewarding year. I trust and hope that you all have a safe and happy Christmas and New Year. I have appreciated working with so many clubs, organisations, businesses and the community in 2022 and I look forward to working with you all in 2023.

*Russell Peate
Chief Executive Officer*

2022 COUNCIL CALENDAR

NOVEMBER

2nd	Council meeting – 6pm, Council Chambers, Town Hall, Kadina
9th	Council Assessment Panel meeting - 5.30pm, Town Hall Function Room, Kadina
14th	Audit Committee meeting - 9.30am, Copper Hill Meeting Room, Kadina
16th	Information Session – 6pm, Town Hall Function Room, Kadina

DECEMBER

7th	Council meeting – 6pm, Council Chambers, Town Hall, Kadina
14th	Council Assessment Panel meeting - 5.30pm, Town Hall Function Room, Kadina

Council meeting dates for 2023 will be determined at the Council meeting on 7th December 2022

Please note that any changes to the above dates and times will be published on Council's website, along with any additional meeting dates

All public are welcome to attend these meetings

Special meetings of Council may be called at other times throughout the year and will be added to the website as required.

SA Library Board Visits Copper Coast

Yorke Peninsula welcomed the Libraries Board of SA to our libraries on Thursday and Friday, 11-12 August.

The Board undertakes a regional tour each year with Yorke Peninsula having the opportunity to host this year.

The intention of the tours is to give the Board members a better understanding of the way library services are delivered within regional communities and offers the opportunity for libraries to showcase what they are doing for their local communities. Accompanied by the Director of the State Library, LGA representative and staff from Public Library Services, they can keep up to date with what is happening in the state-wide One Card system that celebrates its 10th anniversary this year.

The Board visited Two Wells and Balaklava before making their way to the Copper Coast and Yorke Peninsula to visit Kadina, Moonta, Maitland, Minlaton, Yorketown and Ardrossan.

A short presentation was made at each library and the Board was very impressed with the 24/7 Access at the Kadina Library that has recently won the Jim Crawford Award for Innovation in Libraries.

Chairman of the Libraries Board of SA Bruce Linn AM, Board Member Amanda Nettelbeck, Copper Coast Mayor Roslyn Talbot, Board Member Joanne Cys

**2022/23
SEASON
OPENING TIMES
ARE AS
FOLLOWS...**

Open Daily 1st October, 2022 until 30th April, 2023

October School Holidays	Sat 1st Oct – Sun 16th Oct	10am–6pm
School Term 4	Mon 17th Oct – Fri 16th Dec	11am–6pm
Summer School Holidays	Sat 17th Dec – Sun 29th Jan	10am–6pm
School Term 1	Mon 30th Jan – Sat 1st Apr	11am–6pm
<small>(Open from 10am March long weekend)</small>		
Post Daylight Saving and April School Holidays	Sun 2nd Apr – Sun 30th Apr	10am–5pm

Located at the Moonta Bay foreshore, featuring racer slides, kids slide, large tipping bucket, water mushrooms and more.

Any closure due to inclement weather or maintenance will be advised on the Facebook page once known. www.visitcoppercoast.com.au/splashtown

FIND YOUR KERBSIDE GIVEAWAY TREASURES

Someone's trash is another's treasure as the Copper Coast Free Kerbside Giveaway is fast-approaching on the last weekend of November (Saturday and Sunday, 26th-27th).

Whether ye be a resident or visitor scouring the Copper Coast streets for some bounty, ye don't need to be a pirate to strike gold.

Riches will be spread across the towns as residents walk their unwanted items to the kerbside on the weekend.

Then batten down the hatches across the weekend as the storm of treasure hunters arrive to ruffle through the items in search of gems.

Arr! If items still remain as the sun sets on Sunday, residents must remove those items from the kerb – not Council

Don't want to keep your items? Collect some heartfelt bounty by kindly donating your items to a local charity (if they are willing to accept) or dispose of them properly.

KERBSIDE GIVEAWAY

26-27 November 2022

Place items on kerb

Clearly label items as "FREE"

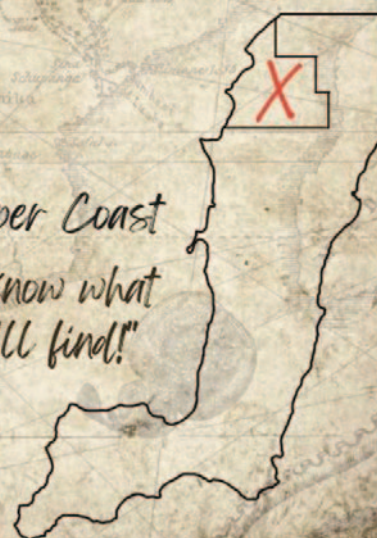

Remove unclaimed items by sunset on Sunday

Correctly dispose of unwanted items

Copper Coast

"You'll never know what treasures you'll find!"

DOG AND CAT REGISTRATIONS

We had a total of 4381 dogs and cats due for registration renewals in the Copper Coast area as at 1 July 2022 and achieved 83% of these by the 31 August due date.

3044 dogs and 595 cats have been

registered, which ensures proof of ownership and a speedy return to owners if they are found wandering from their home.

There are still 341 dogs and 401 cats that are still to be renewed.

Please call Council on 8828 1200 if you require any assistance in updating your pet's records on the State-wide Dogs and Cats Online database – www.dogsandcatsonline.com.au

FOGO IN ACTION

Last financial year was our first full year under the Food Organics, Green Organics (FOGO) system (2021-22), and now we can compare those statistics with the last financial year before the system was introduced to residents (2020-21).

The stats show that while the total tonnage of waste streams collected actually increased across the year, the amount of general waste going to landfill was down by 1075.21 tonnes.

To put that into perspective, that's about the equivalent of 597 Holden Commodores, 43 full waste trucks, 98 of the world's heaviest elephants on record (10,886 kilograms) or 5 Boeing 747 jets—it's great to see the impact we're having on reducing waste and increasing recycling!

Thank you to our residents who have embraced the Organics system that continues to be implemented across the nation and don't forget to sign up to Take the Pledge for your chance to win prizes.

You may have noticed a slight change to next year's 2023 kerbside calendar on page 12. FOGO collection for Moonta, Moonta Mines, North Yelta and North Moonta will be on a Tuesday (not a Wednesday) each fortnight. FOGO collection for Moonta Bay and Port Hughes will stay on a Wednesday each fortnight.

TAKE THE PLEDGE WINNERS

Speaking of winning prizes, we've now had 12 winners in our Take the Pledge program take home a 6x4 trailerload of compost and a \$50 gift voucher to a local hardware store or nursery of their choice.

A special mention to our recent Round 3 and Round 4 winners Kerrin Williams (Kadina), Shania Molnar (Wallaroo) and Trisha Jones (Moonta), and Andrew Thamm (Moonta), Katrina Miller (Kadina) and Lynlee Sloper (Wallaroo).

Each round runs for a two-month period, with one winner picked in each of the areas of Kadina, Moonta and Wallaroo (including surrounding areas). To be eligible to win each round, all you have to do is register to Take the Pledge. Winners are randomly selected and judged based on whether they are correctly sorting organic waste into their green kerbside bins.

Not sure you have what it takes? Don't worry! This is a program aimed to help better understand the system, with tips on how to sort your waste from your recyclables regularly emailed out.

For more information and to register to Take the Pledge before the fifth and final round ends next month, head to our Copper Coast Council website and look under Services-Waste and Recycling or search Take the Pledge - bit.ly/TakeThePledgeCC

Wallaroo Primary School teacher Desiree Gearing has aimed to increase the knowledge of her students, including Aria Gearing, Natalie Frick and Leeann Turner, about how to utilise Copper Coast Council's Food Organics Garden Organics bin system.

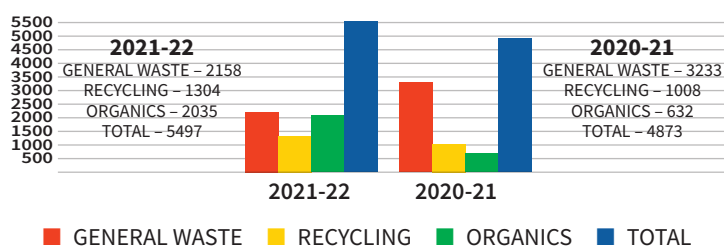

GENERAL WASTE DOWN 1075 TONNES LAST FINANCIAL YEAR!

THAT'S THE EQUIVALENT OF

RESIDENTIAL KERBSIDE COLLECTION 2021-22 VS 2020-21

TOTAL TONNES COLLECTED PER WASTE STREAM

Wallaroo to Moonta shared path

The majority of the Wallaroo to Moonta Shared Path between Magazine and Mines Road is sealed and almost ready to go, as works have progressed to the ends of the path, line-marking and trail signage to come.

With only about 5km of path left to go, contractors are now on the job to carefully proceed through the Moonta Mines site (between Mines Road and the Moonta Tourist Office) and in Wallaroo (between Ryan Street and Magazine Road).

Agery/Roach Intersection

Council is currently focusing on its other projects across the Copper Coast while awaiting for SA Water to relay a water main that runs down Agery Road.

Contractors have made good progress on the Agery Road/Roach Street project, completing kerb preparation and replacement on both sides.

A new spoon drain at the Mines Road intersection, new side entry pit at the Agery Road/Roach Street intersection and the raising and repair of current pits on Roach Street have also been done to assist with stormwater flows.

Once SA Water complete their works, contractors can return to finish their intersection remediation works that will eliminate an existing spoon drain and remove the depression in the road, and both roads can be resealed.

GEORGE STREET

We're past the halfway mark for stormwater works along George Street as contractors return to the site.

Works were stopped during the school holidays to allow for smoother travel through Moonta's main street during the peak tourism period.

Stormwater has been upgraded and the road resealed from Henry Street intersection to halfway towards the Ellen Street intersection, where the final section of work will take place.

As works continue to progress along the road towards Ellen Street, rolling closed zones are to be used and kept minimal in size to allow traffic and parking up to the site fences. Each zone continues to be backfilled and opened to motorists before moving onto the next zone.

The installation of side entry pits, junction boxes and pipes across each zone will help minimise flooding within Moonta's CBD.

VERRAN BACK AGAIN

Verran Terrace, Moonta is back in one piece following repair works on a sinkhole which developed on the edge of the road near the corner of Shepherdson Road.

The cause of the sinkhole was a collapsing mine shaft, which has now been stabilised with 50 cubic metres of stabilised sand.

Council workers and contractors excavated, filled, reconstructed and sealed the road based on guidelines provided by the engineers.

Approximately 1600 cubic metres of loose spoil was excavated and removed from the Sinkhole.

Three layers of Geo Grid has been used in 3 separate locations/stages during the backfilling using controlled fill to compact and rehabilitate the soil while rebuilding the land back up to the normal level.

We thank residents and visitors for their patience and for using the detour that was in place, and are sorry for any inconvenience these works caused.

BAY ROAD

The Major Upgrade of Bay Road is set to be completed by the end of this month, with contractors Downer now just stabilising and sealing the remaining two Stages.

The Stormwater upgrade across all sections has now been completed by contractors CME and Stage 3 of the road (Tossell Street to Highview Grove) is all sealed and ready to go.

Electrical conduits and water meter connections have also been installed continuously under Bay Road while each section was being worked on to ensure the new road surface is not disturbed once completed.

Once the remaining sections (Kitto Road to Highview Grove and Tossell Street to the ocean) have been stabilised and sealed, line-marking and road signage will complete the project.

The major upgrade has been a long road of works from excavation, pipe laying and pit installation to backfilling, kerbing, median strips, stabilising and sealing the road and shared path.

We thank the residents and visitors for their patience during the project as contractors have dealt with collapsing sands and soft sub soils that have caused delays in this major upgrade.

PACKED GREENS

The Copper Coast hosted 288 players and 72 teams across the final two days of the three-day Bowls SA Senior Supa Series (19-21 September).

After the opening day's play in Ardrossan (128 players, 32 teams), Moonta hosted a series-high 144 players (36 teams) on Day Two before both Kadina (48 players, 12 teams) and Wallaroo (96 players, 24 teams) shared hosting duties on the final day.

Our Chief Executive Officer Russell Peate was also on hand for the opening in Moonta and closing in Wallaroo, sporting his father's old Royal Queensland Bowls Association blazer and tie.

Thank you once again to Bowls SA, the participants and our bowling clubs for yet another successful event, and congratulations to all the winners.

A full recap of the Series across the three days is available on the Bowls SA website - <https://bit.ly/seniorsupaseries2022>

Copper Coast Cycling Cup

This popular event was held on Saturday and Sunday, 8-9 October with over 200 cyclists competing in the 2-day event. Saturday involved a 104km road race on the outskirts of Wallaroo and Sunday a criterium race in the centre of Moonta.

Coordinated by AusCycling, the event brought some of the State's best riders and teams from across South Australia to compete and enjoy Yorke Peninsula's Copper Coast, bringing huge economic

benefit with them as accompanying family and friends also stayed and spent money in the region.

Community events were also made possible through the Regional Sport Events Fund supported by the Australian Sports Commission. A Community Ride and a Come & Try Criterium experience were enjoyed by participants along with local entertainment, food and music in Queen Square Moonta on the Sunday.

A WINNING GARDEN

The community garden at the Kadina Memorial School has taken out this year's SA Healthy Towns Challenge award for outstanding efforts in promoting health and wellbeing within the community.

This project, along with 4 others across regional and rural South Australia, were funded up to \$50,000 each in the third round of Wellbeing SA's Healthy Towns Challenge.

As part of each funding round, one project that supported the greatest improvements in healthier living within their local community based on the criteria is selected as the winner by Wellbeing SA.

Led by the Kadina Memorial School in partnership with SOS Copper Coast Suicide Prevention Network and Copper Coast Council, this project involved contributions by more than 400 people across the community.

Local organisations, community groups and Nharangga Elders were involved to design, develop and sustain a natural garden environment for vegetables, native bush foods and meeting spaces to encourage social connection and support – both key protective factors against suicide.

Volunteers are invited to visit and work in the garden during daylight hours before and after school, weekends and on holidays. For more information on how to become involved, please email the school on dl.0778.info@schools.sa.edu.au

CLUB DEVELOPMENT UPDATES

State Government grants are important as ever in the current climate as clubs have come out of COVID-19 restrictions and are now dealing with the increased cost of living. This is a reminder to all clubs that we are always here to help from assisting with budgeting and applying for grants to securing volunteers and updating policies.

When applying for grants, it is important to make sure you tick ALL the criteria. If you are not eligible or you have forgotten to submit vital pieces of information and still submit an application, valuable time and resources are wasted.

With funding and volunteers becoming harder to find, the SA Government is prioritising these areas. However, I continue to urge clubs who are struggling to consider merging before losing your club's identity altogether by folding.

The merging of sporting clubs and facilities enables the sharing of resources and sponsors. By utilising just one shared venue, imagine the savings clubs will have. Many clubs may be forced to fold if they do not

have the resources behind them to survive into the future.

Despite COVID-19 impacts this past financial year, Sports Vouchers have still run hot on the Copper Coast. The Sports Vouchers program is a Government of South Australia initiative administered by the ORSR. The program provides an opportunity for primary school aged children from reception to Year 9 to receive up to \$100 discount on sports or dance membership/ registration fees and learn to swim programs. The purpose is to increase the number of children playing organised sport or participating in dance activities by reducing cost as a barrier.

As always, our podcast series continues to cover all things sport on the Copper Coast, so be sure to tune in to hear the latest from local and state heroes, politicians and more.

If your club would like support, contact the Yorke Peninsula Regional Field Officer at starclub@lnypsports.com.au

CAT DESEXING PROGRAM

Copper Coast residents on pensions or low income can now apply for vouchers to desex their cats for just \$50 each.

Council has teamed up with the Dog and Cat Management Board, National Desexing Network and local vet clinics Seaside Vet Surgery and YP Vets to bring this subsidised desexing program to our region.

This program helps prevent unwanted cats, reduces nuisance/predatory issues and lowers cost to Council for collection, holding and rehoming.

To see if you are eligible and apply, call 1300 368 992.

Proudly supported by

Government of South Australia
Dog and Cat Management Board

NEW INITIATIVE TO AID DISABILITY ACCESSIBILITY

LOOK FOR
THIS LOGO

Have you noticed a new button on our Copper Coast Council website?

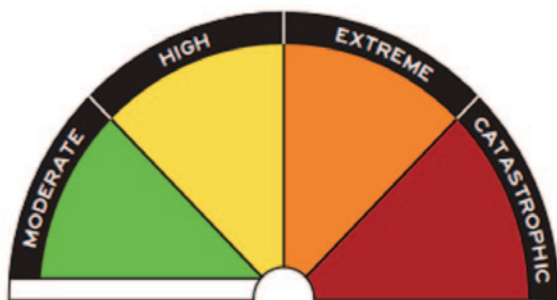

That's our Disability Accessibility Widget we installed in late August – one of the first South Australian Councils to do so.

The UserWay Widget is the number one web accessibility solution for Web Content Accessibility Guidelines and is now installed across all pages on our website.

This widget enables easier navigation across the Council website with tools to aid those who live with visual and motor impairments, colour blindness, dyslexia, cognitive & learning difficulties, seizures, epilepsy and ADHD by using AI technology to transform our website into assessable formats.

Used by some of the world's biggest brands including Coca Cola, Disney and Toyota, this cost-effective widget will ensure we remain compliant with the latest rules and regulations that enable more people to perceive, understand, navigate and interact with what our Council offers residents and visitors.

BUSHFIRE PREVENTION

MODERATE

HIGH

Be ready to act

EXTREME

Take action now to
protect life and property

CATASTROPHIC

For your survival leave
bushfire risk areas

The Fire Danger Season starts 15 November 2022 and ends 30 April 2023 (subject to change).

It is the responsibility of all land owners to ensure that their properties are kept in a condition that does not pose a potential fire risk **for the duration of the Fire Danger Season.**

Council's Fire Prevention Officer will be commencing inspections of properties in the Copper Coast early October. A section 105F notice will be issued under the Fire and Emergency Services Act 2005 to those who have not cleared their properties.

Failing to comply with this notice will result in Council appointing contractors to clear blocks deemed at risk.

In the event that Council has to engage a contractor on behalf of the owner, the costs incurred for a standard block could amount to about \$750 (which includes contractor fees, expiation fees and handling fees). Contact details of contractors can be found on Council's website.

The new simplified Australian Fire Danger Safety Rating System is outlined above.

The system uses the latest science data and technology to improve the forecasting of fire danger while easily communicating to the community how dangerous a bushfire would be should one start and what to do to keep safe.

PROPOSED BUSHFIRE SEASON DATES
