Foreword

The Copper Coast Council Strategic Plan “Moving Toward 2029” forms part of the Councils overall strategic management plans.

Strategic Plan 2019 - 2029

The Strategic Plan “Moving Toward 2029” is the overarching framework for Councils suite of plans.

The Council’s Key Directions are contained in 5 objectives with complementary goals. Key strategies and responsibility for strategy delivery are also outlined.

Long Term Financial Plan 2017 - 2027

Long Term Financial Plan links the key strategies to action statements and budgets. Council has also committed to priorities and terms for strategy delivery during the life of the plan.

Reviews

The Council will review its suite of management plans to ensure alignment with key directions and strategies together with resourcing provisions and legislative compliance. Above all Council’s plans will ensure Council demonstrates it is committed to providing services to the community that are responsive to current and future needs and that they are delivered efficiently and effectively.

Introduction by the Mayor

The 2018 Local Government elections were the trigger for all local Councils to undertake a comprehensive review of their strategic planning documents and redefine our strategic directions. In setting a robust strategic plan Council is planting seeds that will enable the next generation to harvest the fruits of our labour.

Council will focus on achieving objectives in five areas.

Social Objective	<u>Wellbeing</u>
Environmental Objective	<u>Sustainability</u>
Economic Objective	<u>Prosperity</u>
Cultural Objective	<u>Opportunity</u>
Governance Objective	<u>Leadership</u>

The Councils strategic plan builds on these objectives by defining the strategies that are required to achieve our Vision. The newly elected body of the Copper Coast have endorsed our previously adopted vision.

“South Australia’s lifestyle location of choice to live and visit”

As we move forward Council will consider and review the key strategies and actions required to achieve the desired outcomes. The progress we make and the resulting outcomes will underpin Council’s position where we continue to be a proud and vibrant community with enviable growth and a rich history of achievement.

The Strategic Plan is designed to facilitate sustainable growth and development to ensure the Copper Coast is “Moving Toward 2029”. Some will say that we are ambitious in setting such a distant horizon, but ambition is a key driver in moving forward.

This Strategic Plan will be complemented by Council’s Long Term Financial Plan along with Asset Management Plans, Annual Plans and Budgets which are formulated and reviewed each year. These plans make up the suite of strategic plans which include the activities Council will be undertaking during each financial year.

It is essential that Council is open and communicates effectively with our community in the development, planning and delivery of services. As part of the development of this strategic plan we undertook a comprehensive community consultation strategy including our 'Be part of the BIG picture' initiative comprising postcards for comment and the social networking platform, Facebook.

Council will continue to review and refine our communications to further enhance the way we interact with our community.

By involving the community in our decision making this will lead to better outcomes in the design and delivery of projects and services throughout our Council. Council will continue to improve our communication and consultation with our communities throughout our Council.

This Strategic Plan continues to emphasise the importance of working with our local community, government agencies and other key stakeholders for the enhancement of the Copper Coast.

Local Government is responsible for delivering a large range of services to our community. Councillors and Council Staff have a responsibility to ensure that we are delivering services that are responsive to current and future needs and that they are also delivered efficiently and effectively.

Regional Public Health Plan Yorke Peninsula Alliance 2014 – 2020

Priorities (the full plan is available at www.coppercoast.sa.gov.au)

Priority: Stronger and Healthier Communities and Neighbourhoods for All Generations

Goal: The Region offers a range of social, educational and employment activities that encourage people of different ages and backgrounds to participate and interact.

Public Health Priority	Action at a regional level	Role of Potential Partners	Evaluation measures
Improve access to health and community services and programs.	The passenger transport network is extended and operates across the region. Identify opportunities to support children and their families.	Home and Community Care program.	There is an increase in the number of people using the transport system
Increase social connectedness through arts and cultural events.	The region will host an increased and more coordinated range of music and arts events including those targeted at young people, retired people, recent migrants and tourism. A regional arts and culture officer may be appointed if external funding can be obtained.	Country Arts SA and Adelaide Fringe and Festival to consider funding and support for new arts initiatives. SALA to be promoted and engaged in opportunities.	The range of music and arts events in the region increases
Increase social connectedness through volunteerism.	Investigate regional registration opportunities for volunteers and volunteer organisations. Create opportunities for training volunteers and enhancing their experience. YP Alliance Councils to seek funding for a volunteer coordinator role for the Region to assist groups to comply with regulatory requirements. Promote opportunities for young people to volunteer in a wide range of activities, particularly with links to employment.	YP Alliance Councils to seek support from the Office for Volunteers to work to increase the level of volunteering in the Region through the Advancing the Community Together Partnership.	A register of organisations with volunteer opportunities is created The number of people involved in volunteer activities increases Evidence of shared resources
Build a whole of community approach to improving youth health and well-being.	Increase support for programs and events for young people. Coordinate youth 'fun days' across the region. Identify strategies to address the needs of young people at greater risk and work with others to progress implementation.	Department of Education and Child Development regional office, Country Health SA and school principals to play a role to involve young people in developing and supporting youth focussed events. Partners have a role in planning and implementing all strategies collaboratively.	Examples of successful youth focussed events Evidence that young people are involved in planning and implementation

Promote sustainable economic development and job opportunities.	Develop an integrated regional focus on tourism that incorporates Clare and Yorke Peninsula tourist regions.	Work with RDA Yorke and Mid North to develop a framework for coordinating tourism development.	Increase in the number of people employed in the tourism industry over the life of the Regional Public Health Plan
---	--	--	--

Priority: Increasing opportunities for Health Living, Healthy Eating and Being Active

Goal: Towns within the region provide opportunities for healthy living, healthy eating and active lifestyles.

Public Health Priority	Action at a regional level	Role of Potential Partners	Evaluation measures
Support healthy eating and physical activity for children and families.	Councils to explore options for implementing whole of community approaches across the region to extend the benefits of the OPAL program. Support and encourage community healthy food based activities eg community gardens, markets. Use Healthy by Design principles in urban planning and development.	Country Health SA to work with Councils to identify opportunities for a whole of region approach to healthy eating and physical activity for children and families.	Each Council provides specific funding towards an OPAL-type initiative. Evidence of walking and cycling trails and opportunities.
Improve the quality, availability and efficient use of sport and recreation facilities and infrastructure.	Sport and recreation facilities/infrastructure are planned collaboratively in the region. A culture of sporting 'hubs' in key locations is created. The Regional Sport and Recreation Plan is adopted and implemented.	Office of Sport and Recreation, Department of Planning, Transport and Infrastructure (DPTI) and sporting clubs to work collaboratively to enhance opportunities for physical activity by residents and visitors of all ages.	Implementation of actions in the Regional Sport and Recreation plan.
Improve access to healthy food options.	All Councils implement Healthy Food and Drink Policies and encourage partners (sporting clubs, community groups, local caterers etc) to do the same.	SA Health to provide advice and exemplars.	Councils have and implement a healthy food policy, or work towards such implementation.
Act to reduce smoking and harmful alcohol consumption.	Monitor dry zone policy implementation and support the responsible service of alcohol. and harm minimisation practices. Implement and maintain smoke free policies and support staff to quit where possible.	SA Health to provide advice and exemplars.	Safe use of alcohol policies and Smoke free policies in place.

Priority: Sustaining and Improving Public and Environmental Health Protection

This Public Health Priority Area is being addressed by individual Yorke Peninsula Alliance Councils. It may not be specifically addressed through actions at a regional level in the Public Health Plan, however the plan recognises that there is an existing shared services arrangement between the District Councils of the Copper Coast and Barunga West.

Public Health Priority	Action at a regional level	Role of Potential Partners	Evaluation measures
Maintain and increase the uptake of Immunisation levels.	Develop a strategy to increase or maintain levels of immunisation to reduce vaccine preventable communicable disease.	SA Health, YAC, Medical Practitioners and Clinics can assist by educating communities and providing services.	Reduction in non-immunised persons. Decrease in vaccine preventable illnesses.
Maintain appropriate wastewater services by promoting access to reliable methods of treatment and disposal of onsite and offsite wastewater (sewage).	Ensure all communities and individuals have access to safe wastewater treatment and disposal. Develop a regional implementation plan.	SA Health, EPA and private operators to maintain a required level of safety when dealing with wastewater (sewage) and its disposal.	More properties are connected, or have the option to connect to a CWMS.
Promoting Food Safety by supporting the production and sale of safe and suitable food.	Educate communities and individuals in an understanding what constitutes safe and suitable food.
