

## Monthly Projects Update - December 2022

### Bay Road, Moonta Bay

- Stage 1 and 2 has been asphalt sealed completing the entire length of Bay Road, allowing the road to be re-opened.
- This has included the majority of the side road tie in's, median island concrete and loam infills.
- The continuing SA Water upgrade postponed to completion of Kitto Road and a section of the shared path, reinstatement works are complete and sealing is to be completed when an asphalt team become available.
- Final works behind the kerb, and up to property boundaries are complete, including stormwater drainage, crusher fine placement and shared path installation.
- Final touches to be completed are additional works to Hughes Avenue, Kitto Road tie in, line marking, signage and landscaping the loamed filled median islands.
- Further works completed, include the Tossell Street and Bowden Road upgrade and landscape works to the carpark entrance area.

### George Street, Moonta - Stormwater Upgrade

- Zone 3 works were completed without issue and in good time. This section was mainly only pipe installation. Rock excavation, ground water presence and weather were the only concerns within this zone.
- Works are progressing in zone 4, final zone. This zone is the head of the drainage network and includes six side entry pits and five junction boxes. The most of all the zones.
- There are numerous services to work around within this intersection, some have conflicted with design and onsite alterations have been required to keep the project moving.
- Trench reinstatement and sealing is scheduled for the second week of December, cleaning up and demobilising will proceed this finalising the upgrade.

## Monthly Projects Update - December 2022

### Unsealed Roads Re-sheeting Program

- Works are continuing along Thomas Plains Road as the program rolls on.
- Council's construction team are working along with a team from MA Skinner.
- Approximately 8km unsealed roads have had vegetation cleared, been reformed and finished with a 200mm layer of PM2/20 quarry rubble, focus is on Category 1 roads only as per the 5 Year Transport Plan.

### Hedonbar Brewery, Kadina

- The majority of Council's infrastructure works for the project have been completed
- Outstanding items are with service providers in electrical and plumbing.
- Electrical - the main power board upgrade is awaiting SAPN notification dates for disconnection and reconnection for the upgrade to be completed.
- Plumbing - approvals from SA Water for the connection of the fire main infrastructure have now been obtained. Installation works for this main can now proceed following approvals from the Office of the technical regulator.
- Fire extinguishers have been installed and once the power board upgrade has been done the electricians will be able to separate the power between all tenants.

## Monthly Projects Update - December 2022

### Wallaroo to Moonta shared path

- The section of path along Park Terrace and Magazine Road has been prepared with compacted rubble and is ready for sealing.
- This is the same for the section within the Moonta Mines National Trust area. Development approval for this section is still outstanding; once this has been obtained, sealing can be scheduled.
- As part of this application Council were required to undertake additional reports in a site contamination and native vegetation
- Bollards and signage installed where possible, line marking is yet to be completed
- The four shelters being supplied and installed by Rotary have had the frames completed and Council have concreted them

### Adopt a Street Program 2022

- The Adopt a Tree program for the inaugural 2022 season is now complete.
- In total 72 trees were planted throughout various locations in Wallaroo, Moonta and Kadina.
- Council championed one street in Kadina which was vehemently opposed, however, throughout the planting process staff have identified streets with majority approval for next year's program.
- Advanced tree species planted were Jacaranda, Tuckeroo, Chinese Pistacio and Euky Dwarf.
- Interests are being received for the 2023 already, as support for the program grows. Council will again promote the program to continue to promote awareness.
